

Solicitation No. PR10539261 – RAJ Flood pump replacement  
Questions and Answers, Number 1  
Mar 3, 2022

Attention interested bidders:

Please see responses bidder's questions for the RAJ Flood pump replacement solicitation. Photos and AutoCAD drawings are available upon request. The deadline for submitting bids remains March 14, 2022, at 16:00 hrs. Bangkok time.

**Q1:** Please provide information for the following:

Plan layout & Final Civil construction drawing only pump installation area, especially Civil/Foundation, Piping Layout, especially discharge pipe & sleeves, included pipe connection to BMA area.

**A:** The plan layout section for the civil foundation is not available. The contractor should include the design and the foundation in their proposal, as specified in the Scope of Work. Photographs and information with details for the existing pump may be requested, please contact Khun Poonnakrit Pinla-Or, email: [Pinlaorp@state.gov](mailto:Pinlaorp@state.gov)

**Q2:** Please provide information for the following:

Existing Electrical PI&D, Layout & distance to connect.

**A:** For the system layout and distance to connect, we understand that the connection for the battery charger is about 19 meters, which is to the nearby electrical room. Pictures and AutoCAD file for this solicitation are available by request, please contact Khun Poonnakrit Pinla-Or, email: [Pinlaorp@state.gov](mailto:Pinlaorp@state.gov)

*There is no change to the bid due date. Bids are due on March 14, 2022, before 16:00 hours Bangkok time, via email.*

Sincerely,

*Scott Krushinski*
